

MUNICIPAL ACTIVITIES

REPAIRING STREETS, CLEANING GUTTERS, TRIMMING TREES CHIEF BUSINESS

The reconstruction of Acacia avenue from Glendale avenue to Adams street, was completed Thursday. The street has been thoroughly regraded and about 24 feet in the center have been resurfaced and oiled, putting the thoroughfare in excellent shape and making it very satisfactory to residents in that district. Glendale avenue from Wilson avenue to Lexington has also been repaired by the street department. During the next two weeks the force in that department will be busy cleaning out the gutters, repairing culverts, clearing out water courses, etc., in preparation for the winter storms. Street excavations for service connections which have been made by the various utility companies in the last three months will also be repaired and resurfaced.

Another job in preparation for winter conditions will be done by the City Forester, who will devote the next six weeks to the trimming of all street trees which droop over the sidewalks and which would constitute a serious menace when the rains come.

City officials report that there will probably be considerable delay in getting the new fire apparatus which the city has been planning to purchase for the past three years. The American-La France Fire Engine Company from which the purchase was to be made has Government contracts which are keeping its entire plant busy, but a letter has been addressed to the Priorities Committee in Washington, D. C., asking for a priority number which, if granted, would permit the company to proceed with the construction of the Glendale order.

This additional apparatus would put the Department in good shape to handle a large fire in any district. Meanwhile the installation of the pump on the chemical engine at Fire House No. 1 was very successful, and that will give the city two pumps, including the one in the Tropico district, and any ordinary fire can be handled with the present equipment.

A FINE WAR GARDEN

W. S. Miller, 122 West Acacia, is above the draft age, being in the neighborhood of seventy years, but that did not deter him from doing his bit the past summer. When the urgent call came from the Food Administration to produce more food, Mr. Miller resolved that he would have a war garden that would be a credit to him. He has cultivated a quarter of an acre that hitherto had grown to weeds and has grown a fine crop of Florida yams as well as some other vegetables. The tubers are very large and are of fine quality, and Mr. Miller feels well repaid for the hours of hard labor he spent in bringing the crop to perfection. One of the yams brought to the Glendale Evening News office weighed nearly four pounds.

INDUCTED BY "COMPETENT ORDER"

A special induction by which Cloyd Rollin Chamberlain of Eagle Rock, but more recently of Los Angeles, was put into the particular army service he has been striving for months to enter, and for which his experience and training especially fit him, was made by the local Board of Exemption Thursday and the same night saw him leaving by the 9 o'clock Santa Fe train for Fort Leavenworth, Kansas, to enter the Signal Service. He has had a year in an electrical school, has had several months' training as a wireless operator, and practical experience covering more than a year in electrical work. He has been very anxious to get into the army but was equally anxious to get into the department where his special training would count. He is therefore very happy to have achieved his heart's desire and the next thing for which he will strive will be to get "over there." His induction was made under a "Competent Order" from Washington.

The Board assembled at 8:10 p. m., October 17, 1918, all members being present.

The minutes of the last regular meeting were read, and on motion corrected on page 649, so as to show in regard to the proposed ordinance covering the presenting and auditing of demands, that section 7 be added directing the City Clerk to certify to the passage of ordinance and cause same to be published once in the Glendale Sentinel-Progress. After this correction, the minutes were approved.

A letter was read from Attorney John C. Thomson of New York City acknowledging receipt of warrant for \$100.00 in payment of his bill for services in connection with the bonds of Municipal Improvement District No. 2. The letter expressed appreciation of the manner in which the proceedings had been presented and was accompanied by a receipt bill in full for services.

A communication was read from Madeline Kelley resigning her position as one of the Trustees of the Public Library Board. On motion of Trustee Henry, the resignation was accepted.

An application was read from Fred G. Farner making application for a position in any of the City offices of the City of Glendale. The communication was referred to the City Manager.

An application for permit to shoot in the City of Glendale within the limits of Verdugo canyon was presented from F. S. Fell, which on motion of Trustee Henry was granted.

A joint application was presented from P. Diederich, H. A. Eddy, J. H. Webster, N. L. Westbrook, P. C. Ensley, requesting permission to hunt within the City limits of Glendale. On motion of Trustee Henry, the same was granted limiting same to Verdugo canyon and vicinity.

Demands were presented and on motion referred to the finance committee.

The City Manager reported as to progress on street repair work.

The Manager of the Public Service Department reported that he had conferred with the Manager of the Edison Company, who preferred that the work of installing the red light on San Fernando road be done by the City of Glendale. Action will be taken accordingly.

The Manager of the Public Service was authorized to lease a building in the Tropico district for the sum of \$7.00 per month.

The Manager of the Public Service Department reported that the fuel administration had issued a request that public service concerns take on no additional service for electric heaters at the present time, and he suggested that his department be authorized to comply with this request. On motion of Trustee Shaw, the Manager of the Public Service Department was instructed to comply with the request of the Fuel Administration.

Health Officer Dr. R. E. Chase reported 81 cases of influenza in Glendale up to the present time, 10 cases being reported on this date, but no deaths having as yet occurred from this cause. Under favorable conditions the embargo on public meetings, schools, etc., may only last 10 days longer; otherwise it is possible that it may continue from two to three weeks. He stated that if such action is desired by the Board, he is prepared to inoculate the police force of the City with anti-influenza serum.

The City Attorney reported in regard to the Pacific Electric rates, that nothing new had been heard from the Railroad Commission. He had received from the office of the Southern Pacific Co. in San Francisco, an acknowledgment of the receipt of his letter in regard to the bill of the company for moving the Tropico tower.

Trustee Muhleman presented an ordinance of the City of Glendale, changing the names of certain streets in the said City.

The finance committee reported back demands and recommended that they be allowed and warrants be issued covering same, by the following roll call, all voting aye, Henry, Jackson, Shaw, Muhleman, Woodberry.

Trustee Shaw made a motion which was duly seconded, that Ordinance No. 340 be passed, "An Ordinance Regulating the Presenting and Auditing of Demands Against the City of Glendale Repealing Ordinance No. 293 and Ordinance No. 326," and the same was adopted.

SOLDIER LAID TO REST

FUNERAL OF CLARENCE BALL AT PULLIAM PARLORS IS PRIVATE SERVICE

Wrapped in the flag of his country, for which he died as truly as though he had fallen in battle, a very beautiful flag which was the gift of his comrades in arms at Camp Colt, the body of Clarence Ball, who had made the supreme sacrifice, was laid to rest Thursday afternoon, October 17th, in Forest Lawn Memorial Park. His grave bore little suggestion of death for it was piled high with flowers, beautiful tributes from his comrades, from the Elks with whom he had been associated, from the L. K. O. Film Company at Hollywood, by whom he was employed as purchasing agent before he enlisted, and from his many friends in civilian life.

The preliminary Christian Science service was beautiful and dignified—a few, comforting words from the Scriptures and from the "Key to the Scriptures" by Mary Baker Eddy, two appropriate hymns composed by Mrs. Eddy and sung by Mrs. Hallyer, a silent prayer offered by grieving hearts, and then the all-sufficient Lord's Prayer.

Present as pall bearers were six young men of the White Star Patrol of the Elks' Lodge, who had been fellow members with Clarence Ball and who welcomed the opportunity to show respect for a comrade who had died so worthily. Taps were sounded by E. H. Kerri, also of the Elks' Lodge, and then the little company, which included only his parents, his sisters and other relatives and close friends, dispersed. Under other circumstances, a large throng of sympathizing citizens would have gathered, but their presence was not needed to give expression to the respect in which the memory of this young man will be held in the community or the sympathy spontaneously given to his sorrowing friends.

Immediate relatives who mourn the passing of this young man are his parents, Mr. and Mrs. L. W. Ball, his sister, Mrs. Tyler B. Shaw, of Los Angeles, wife of the manager of Silverwood's Store, William Ball, a brother, who resides in Glendale, Earl Ball of Washington state, who was unable to attend the funeral, an aunt, Mrs. Morton, and a cousin, Mrs. Abner Stocking of Dos Palos. His most intimate friend was Private Ed Gibson of this city, who was associated with him in civil pursuits, was his comrade in the Tank Corps and accompanied the remains from Camp Colt to Glendale.

WANT MORE MONEY

ATTORNEYS FOR EDISON CO. ADD \$3000 TO COST OF TROPICO LIGHTING SYSTEM

H. B. Lynch of the Public Service Department reported to the City Trustees Thursday evening that the taking over of the lighting system of the Tropico district would be delayed on account of a difference of opinion between the city and the Southern California Edison Company in regard to the purchase price, the Edison Company demanding \$37,000 instead of the \$34,000 the city expected to pay, and claiming the larger amount is due under its interpretation of the original contract entered into with the City of Tropico in 1912, which made certain allowances for additions and betterments and for an overhead charge. As explained by Mr. Lynch, the Company is trying to include a ten per cent superintendent's charge and a ten per cent overhead charge, whereas in the opinion of his department only one ten per cent charge was contemplated by the Railroad Commission. It will therefore be necessary to again refer the matter to the Commission and obtain its interpretation of the contract. The Service Department had expected to take over the system the first of November, but this unexpected hitch in the transaction will probably delay the matter for a month or six weeks. Mr. Lynch says the new way of interpreting the contract was discovered by the attorneys of the Edison Company. Up to that time the Glendale Service Department and the officials of the Edison Company had agreed upon the interpretation and upon the price of \$34,000.

ONLY A SCRAP OF PAPER—BUT, OH, WHAT IT MEANS!

English can hurry with a skill and an efficiency that takes even an American's breath away. When it comes to their fighting men they break all speed records. Thousands of men have died in the mud of Flanders—thousands have been wounded and sent home—but thousands have had to lie in those "Halls of Glory," the base hospitals behind the lines; and suffer—beyond the conception of any man—before the tide turns back towards life, or slips out in the gray dawn of Flanders, never to flow back. And the British fight to save those suffering men just as stubbornly as they fight to beat the enemy beyond the heavy cannonading a few kilometers away. As these men suffer and fight for life in the long white wards, they need so many things to help; and often it is just someone they love to touch, to smile at, to take hold on life once more—to wake up after moaning intervals of consciousness and find Her sitting close to the narrow bed, smiling at you—and it is done just as quickly as that.

After the doctor's rounds, he sends a telegram asking Her to come to such-and-such a base hospital to see Private —. That very evening, perhaps, in Devon, when the sun sinks low, a small boy comes running and puffing up the lane waving the precious paper; the door under the thatch stands open. She is there, waiting as the women are waiting the world over today and the message says "Come." That is all she needs—that telegram is pass-port, railroad ticket, bus-fare, channel crossing, entrance to the war-zone, space on troop-train, pass into that long, low building where her "love lies bleeding."

Yes, it's a wonderful highway the British build from the aching white ward in Flanders to the cottage in Devonshire. Just a telegram—no bewildering officials, no hours of waiting outside important doors—just a telegram; and the next evening at sunset, She is sitting by her man in Flanders as he sleeps for the first time because the tide has turned. Just a thin bit of blue paper—just a telegram.

JUNE RICHARDSON LUCAS.

YELLOW LUNCHEON

Mrs. H. B. Lynch of West California avenue entertained a few friends at a mid-day luncheon Thursday. It was a simple, informal, Hooverized affair, but a yellow color scheme carried out in the marigolds with which the board was centered and in other appointments made an exceedingly pretty table around which the guests gathered, and there was plenty of the cheer of good fellowship. The ladies who enjoyed Mrs. Lynch's hospitality were Mesdames Emil Tholen, John Robert White, Edward Lynch, Dwight Wood and Charles Temple. The afternoon was spent with needlework.

Working With Uncle Sam

THE TRUTH ABOUT CANDY

The U. S. Food Administration says that the candy industry has already suffered greater privation than individual householders in the use of sugar.

Yet, the candy makers are buying Liberty Bonds, Thrift Stamps, subscribing to Red Cross and other war activities and helping all they can to win the war.

But unthinking persons might say: "Why not cut out all candy and save the sugar?"

Just think what it would mean to throw out of work the 200,000 people (mostly women) and close down factories representing an investment of \$110,000,000—a city the size of Toledo or twice the size of San Diego!

Even though this were done and all the sugar used in candy making was divided among the people, each would only get one-third of a pound each month more than he or she now receives.

Seems pretty small, doesn't it? But those are the actual figures of the U. S. Food Administration.

Sugar is a necessity, yet few people take it a spoonful at a time like medicine, but always mixed with something else.

Candy—pure and wholesome, such as you can buy almost everywhere—is recognized by physicians and scientists as a healthful, nourishing food. You are entitled to a certain amount just as you are to sugar in your coffee.

Eat candy—but buy it only in moderate quantities.

HUTTONS HOMEWARD BOUND

Miss Hutton of 326 East Colorado
avenue is eagerly awaiting the return
of her brother, C. E. Hutton, and
his wife, who have been in the east
since last June. They went overland
by auto and journeyed as far east
as Indianapolis, going from there to
Washington, Illinois, to St. Louis and
Kansas City. They are now home-
ward bound and when last she heard
from them were at La Junta, Colo-
rado. Their journey east was a won-
derful one in that they suffered not a
single breakdown, not even a punc-
tured tire, and they are hoping for
equally good luck coming west. Both
write they will have many stories to
tell of their adventures. She expects
they will reach here the last of Octo-
ber or first of November.

BIRTHDAY DINNER FOR DR. LUSBY

Mr. and Mrs. C. D. Lusby of North
Jackson street entertained Thursday
evening with a family dinner at
which covers were laid for eight. It
was a special celebration of the birth-
day of Dr. C. R. Lusby, who was the
guest of honor, and the guest list in-
cluded his wife and his little son
Donald, his parents, Miss Margaret
Lusby, his grandmother, and Verne
Wilson. The great feature of the oc-
casion was the birthday cake, which
was beautiful in proportions and in
aspect, particularly when illuminated
by the flaming candles which were
all satisfactorily extinguished by the
doctor, who is thus assured of a
happy and prosperous new year.

HONOR DEAD

**MRS. D. RUGEIRRO MOURNS A
BROTHER WHO GAVE HIS
LIFE IN BELLEAU WOOD**

Mrs. D. Rugeirro of 1420 Arden
avenue has but just received the of-
ficial notification from the War De-
partment of the death of her brother,
Joseph N. Beach, who died July 8th
in a Red Cross hospital from gunshot
wounds received in service in Bel-
leau Wood. He was a member of the
Fifth Regiment of United States Ma-
rines who performed the feats of
valor which first turned the tide of
victory in favor of the allies and who
have won the undying gratitude and
respect of the allied nations and the
world. But Mrs. Rugeirro had not
been left in ignorance of her brother-
er's passing, for she had received let-
ters from the chaplain and from the
nurse who attended him, comfort-
ing letters which told of his courage
and patience and of the care he re-
ceived in the last days of his life.
Every day while he was in the hos-
pital, they wrote, his cot was taken
out under the trees. The last after-
noon the officers of his Company vis-
ited him there and a group of boys of
the Corps played and sang for him
the familiar airs he had so often
sung with them. When they sang
"Over There" and "We Won't Go
Back 'Till It's Over, Over There," he
smiled gently and said: "I won't,"
and his nurse knew he realized he
was "going West." Enclosed in the
letter from the nurse was a lock of
his hair, and the Chaplain has writ-
ten her that he expects to return to
this country this month and that he
will bring to her a ring which her
brother wore on a cord around his
neck, a U. S. Marine Corps ring
which was a gift to Joseph.

Up to the time he went into action,
she received frequent letters from
him, all full of enthusiasm and glo-
rying in the service and in his health
and strength. He was but twenty-
one years of age and enlisted in
April, 1917. He went to France in
February, 1918. While she can never
cease to feel her personal loss, she
has no regrets for him. He had his
dearest wish in serving his country
and died gloriously for the flag he
loved.

Jackson and adopted, making correc-
tions in the minutes of a number of
meetings of the Board held in 1914,

LA CRESCENTA

A. A. Barker, Mrs. Wetherbee's father, will spend the winter months in Calexico.

Mr. and Mrs. J. S. Erwin had their cousin, Frank France of Kentucky, as a guest. He will spend the winter at his California home at San Diego.

Fred Caldwell has been entertaining his brother and a friend from his old home in Indiana.

The old Esperanza has been sold and Mrs. Kemper will wreck the old building and begin a new stone structure immediately.

Mrs. Dreenan, a long time guest at the La Crescenta Hotel, left this week for her home in San Francisco.

Mr. and Mrs. H. D. Johnson have had Mrs. Johnson's brother and family as guests. They came from Dakota and expect to make their home in California.

F. Anderson of Montrose has just sold the McKerney place on Los Angeles avenue. The new owner will build at once.

The church services have been discontinued in order to comply with the ruling of the County Board of Health.

H. S. Bissell, clerk of the school board, has ordered the school closed until further notice. The picture show will also be discontinued until the embargo is lifted by the county officials at the Health Office.

George Lacour, one of the pioneer residents of the valley, passed out of this life following an operation at a Los Angeles hospital.

Andrew Peddie has gone to San Francisco for a trip to recuperate from a general breakdown.

Mrs. E. A. Hall has leased her place for a year. The new tenants are from Sawtelle and expect to go into the chicken business on a large scale.

Mrs. Mary Thomson received a letter from the authorities at Washington, D. C., saying that her son Joe was a survivor of the U. S. S. Herman Frasch, sunk in a collision on October 4, and some days later she had a letter from Joe himself, part of which is quoted below:

"The ship I was on, the Herman Frasch, was sunk 600 miles off the Atlantic coast. We were struck at 12 o'clock (midnight). The ship went down in four minutes. It was everybody for himself. Some of us didn't have time to get on our life belts. There were 91 in the crew and 27 were lost. We lost our captain, chief engineer, army officer, and a lot more of the officers. We carried a million dollar cargo and had \$10,000 in the ship's safe. We had to leave in our underwear for we did not have time to lower lifeboats or rafts even. The tanker that rammed us was the George G. Henry and they picked us up as soon as they could. Some were in the water an hour and some less. Our boat was an oil burner, and when she got rammed it punctured the oil tanks and the water was covered with oil half an inch deep. I think that helped to save many. When we got aboard the George G. Henry they could not tell whether we were white or colored. The crew were sure a fine lot of fellows and did all they could for us. I sure feel sore for I lost all my clothes, papers and everything. All I had was a suit of underclothes."

Joe is in Brooklyn, N. Y., just at present awaiting orders (and clothes).

The entertainment and dance by the Woman's Club is postponed un-

til further notice.

The Red Cross met on Thursday and will continue as usual on Tuesdays and Thursdays from 10 to 5. Come and work. The dressings must be made. They are needed more than ever. Our casualty lists are growing longer every day and that means more demands on supplies. Workers are needed. Come and help.

The Liberty Bond captain reports \$5000 worth of bonds sold in Crescenta. Did you do your share?

The acreage and stone house on Los Angeles and Honolulu, formerly the Escalle place, has been sold by Mr. Nicklin.

Miss Lynette Wise has Miss Ruth Van Arsdale as guest over Sunday.

Those War Savings Stamps. Buy them early and avoid the end of the month hurry.

SUNLAND.

The Wright Brothers motored over from Riverside Sunday to look after the big olive ranch in Sunland.

Mr. Hood has been ill at his home in Sunland.

Mr. Horton went to Los Angeles Monday to take treatment at a hospital.

Allen McPherson and Sloan Freeman, Glendale boys, are picking tomatoes for Mr. Adams.

The teachers employed in the Sunland school are a loyal bunch. When a forced vacation was given on account of the influenza scare, they went into the grape vineyard to help save the grapes that were spoiling for want of help to pick. This is surely doing their bit.

A. Lopez moved this week from Duarte into the house of Mrs. Shultz on Central avenue.

The people of Sunland are still buying bonds even if they have gone beyond their quota.

The walnut crop in Sunland is the finest ever raised in the valley—no blight, no moths, good full meat. The growers are getting 30 cents a pound for them.

The trucks are still busy hauling the grapes and peaches to market. Quite a few were put in cold storage this week on account of the drop in price.

Now that the heavy work of canning is about over, a plea is made to the ladies to make a better showing at the Red Cross which meets every Wednesday at the old postoffice building.

Miss Menita Huse has been home this week from Los Angeles, where she has been attending school.
